

Dear Parent or Guardian,

It may be required on occasion that pesticides be applied at Teddy Bear's Playhouse. You have a right to be informed prior to any pesticide application made inside the building. In certain emergencies, pesticides may be applied without prior notice, but you will be provided with a notice following any such application. You will be notified by a posting in the main entry and/or in a very conspicuous place. A note will also be placed in your child's cubby. If you wish additional notifications, such as by mail or email, please fill out the information below.

Please check all that apply:

I do not need additional notifications. I will get my notifications from postings at the center and a note in my child's cubby.

In addition to postings at the center and a note in my child's cubby, I would like an email sent to the following:

_____@_____

I would like an additional notification sent to my home address

Street number and Name	City	Zip

Signature and Date
